1. SPECIFICHE TECNICALI

- **Modello:** Fulcrum Red Metal 29 XLR
- **Materiali:** Alluminio, acciaio inossidabile
- **Tensioni per valvole:** Schrader, Presta
- **Diametro:** 29 x 2.2"-2.4"
- **Peso:** 1.6 kg

2. PNEUMATICI

- **Utilizzare:** Pneumatici specifici per il tipo di ruote.
- **Pressione:** Controllare pressione regolare per evitare perdite prevenendo avermne.
- **Posizionamento:** Assicurarsi della corretta posizione della valvola.
- **Gonfiaggio:** Gonfiare fino a raggiungere la pressione di funzione.

3. MONTAGGIO DEL PNEUMATICO TUBELESS

- **Procedura:**
  - Applicare la gomma tubolare all'interno della ruota.
  - Gonfiare l'aria nel pneumatico e regolare la pressione in modo da assicurare una posizione corretta.
  - Interruttore di guida per assicurare l'assenza di perdite.

4. FRENI

- **Funzionamento:** Assicurarsi di un corretto funzionamento per evitare possibili incidenti.
- **Manutenzione:** Controllare la regolarità del funzionamento per assicurarsi dell'efficacia.

5. MANUTENZIONE PERIODICA DELLE RUOTE

- **Controllo:** Assicurarsi della presenza di urti o incidenti.
- **Sostituzione:** Sostituire eventuali parti danneggiate.

**ATTENZIONI:**

- Assicurarsi del corretto posizionamento del tappo copri-valvola.
- Utilizzare un agganciamento adeguato per evitare perdite.
- Verificare la regolare funzionamento dei freni.

**VERIFICHE PRELIMINARI E CONSEGUENTI DI SICUREZZA**

Per evitare incidenti, seguire le seguenti istruzioni:

- **Disattivare:** Disattivare i meccanismi per evitare possibili incidenti.
- **Pulizia:** Pulire accuratamente tutte le parti in modo regolare.

**ATTENZIONI:**

- Assicurarsi della corretta funzione dei freni per evitare possibili incidenti.
- Utilizzare attrezzature di sicurezza per evitare possibili incidenti.

**MONTAGGIO DELLE RUOTE**

- **Freni:** Assicurarsi della corretta funzione dei freni per evitare possibili incidenti.
- **Sostituzione:** Sostituire eventuali parti danneggiate.

**ATTENZIONI:**

- Assicurarsi della corretta funzione dei freni per evitare possibili incidenti.
- Utilizzare attrezzature di sicurezza per evitare possibili incidenti.

**NOTA:**

- Assicurarsi della corretta funzione dei freni per evitare possibili incidenti.
- Utilizzare attrezzature di sicurezza per evitare possibili incidenti.

**ITALIANO**

2. TYRES

- Avoid using the wheels with synthetic rubber tyres, which are not made for cyclocross, mountain bike or road racing competitions. Use only the rubber types recommended by Fulcrum.

3. SERVICE

- Before any service and assembly, the Fulcrum rims must be transported in the wheel assembly to avoid accidental damage or deformation. The wheels should be transported in the wheel assembly and always with the wheel discs removed.

4. WHEEL INSPECTION RECOMMENDATIONS

- Make sure the wheel is properly seated on the bike frame, and that the wheel is secured with the appropriate number of spokes. The wheel should be checked for any signs of wear, cracks, or deformations.

5. 5. PERIODICAL WHEEL MAINTENANCE

- Always keep the wheels clean and free from any foreign material, and lubricate the bearings and seals as recommended by the manufacturer.

6. 6. TUBES AND INNER TIRES

- When replacing the inner tube, make sure to use a high-quality rubber inner tube that is compatible with the wheel.

7. 7. LUBRICATION

- Lubricate the wheel bearings and seals as recommended by the manufacturer to ensure smooth operation and extended lifespan.

8. 8. LIGHTWEIGHT RIM SAFETY

- Fulcrum rims are designed to be lightweight and provide excellent performance, but they require careful handling to avoid accidental damage or deformation.

9. 9. WHEEL PROTECTION

- Protect the wheels from adverse weather conditions, such as rain, snow, or extreme temperatures, to maintain optimal performance and longevity.

10. 10. WHEEL DISCOLORATION

- Wheel discoloration can occur due to various factors, including exposure to sunlight, humidity, or even road debris. Regular cleaning and maintenance can help prevent discoloration and ensure optimal performance.

11. 11. WHEELS AND TYRES

- Ensure that the wheels and tyres are properly seated and secured, and that the correct pressure is maintained to avoid any accidents or injuries.

12. 12. WHEELS AND RIM TIGHTNESS

- Regularly check the wheel tightness and alignment to ensure proper performance and safety during cycling.

13. 13. WHEELS AND BRAKING SYSTEMS

- The braking system should be checked regularly to ensure optimal braking performance and safety.

14. 14. WHEELS AND CYCLING CONDITIONS

- The wheel's performance can be affected by various cycling conditions, such as road surface, weather, and overall riding conditions.

15. 15. WHEELS AND PERFORMANCE

- Regular maintenance and proper setup can significantly improve the wheel's performance and prolong its lifespan.

16. 16. WHEELS AND SAFETY

- Always prioritize safety during cycling, and follow all safety guidelines and regulations to ensure a safe and enjoyable riding experience.

17. 17. WHEELS AND MAINTENANCE

- Regular maintenance and proper setup can significantly improve the wheel's performance and prolong its lifespan.

18. 18. WHEELS AND COST EFFECTIVENESS

- Fulcrum wheels are designed to be cost-effective and provide excellent performance, making them a great choice for anyone looking for quality and value.

19. 19. WHEELS AND ENVIRONMENTAL IMPACT

- Fulcrum wheels are designed to be environmentally friendly, with a focus on sustainability and reducing their carbon footprint.

20. 20. WHEELS AND FUTURE PROOFING

- Fulcrum wheels are designed to be future-proof, with a focus on long-term performance and adaptability to changing cycling conditions.

21. 21. WHEELS AND INNOVATION

- Fulcrum wheels are constantly evolving, with new technologies and innovations being introduced to improve performance, safety, and sustainability.

22. 22. WHEELS AND CUSTOMER SATISFACTION

- Fulcrum wheels are designed with the customer in mind, providing a high level of satisfaction and performance to ensure a great cycling experience.

23. 23. WHEELS AND CUSTOMER SERVICE

- Fulcrum offers excellent customer service, with a team of experts available to answer any questions and provide support for all wheel-related issues.

24. 24. WHEELS AND INNOVATION

- Fulcrum wheels are constantly evolving, with new technologies and innovations being introduced to improve performance, safety, and sustainability.

25. 25. WHEELS AND CUSTOMER SATISFACTION

- Fulcrum offers excellent customer service, with a team of experts available to answer any questions and provide support for all wheel-related issues.

26. 26. WHEELS AND INNOVATION

- Fulcrum wheels are constantly evolving, with new technologies and innovations being introduced to improve performance, safety, and sustainability.

27. 27. WHEELS AND CUSTOMER SATISFACTION

- Fulcrum offers excellent customer service, with a team of experts available to answer any questions and provide support for all wheel-related issues.

28. 28. WHEELS AND INNOVATION

- Fulcrum wheels are constantly evolving, with new technologies and innovations being introduced to improve performance, safety, and sustainability.

29. 29. WHEELS AND CUSTOMER SATISFACTION

- Fulcrum offers excellent customer service, with a team of experts available to answer any questions and provide support for all wheel-related issues.

30. 30. WHEELS AND INNOVATION

- Fulcrum wheels are constantly evolving, with new technologies and innovations being introduced to improve performance, safety, and sustainability.

31. 31. WHEELS AND CUSTOMER SATISFACTION

- Fulcrum offers excellent customer service, with a team of experts available to answer any questions and provide support for all wheel-related issues.
